

Dear Store Manager,

I'm a frequent shopper at your grocery store and normally I find everything I'm looking for, but there is one product line that your store does not carry at this time: Cedarlane Natural Frozen Foods, including CedarLean meals. I would truly appreciate the opportunity to purchase these delicious, all-natural frozen meals at your store. Though they are available at other supermarkets, I would like to be able to purchase Cedarlane and CedarLean items at your store so that I can do all my shopping in one place!

I took it upon myself to locate Cedarlane's contact information. If you would like to begin carrying their products at your store, they can be contacted by phone at 1-800-826-3322 or by email at sales@cedarlanefoods.com.
